The final personal income tax return of a deceased individual shall be filed by the executor, administrator, or other person charged with the care of his property.

WHEN AND WHERE TO FILE:

Fiduciary Income Tax Returns are due on or before April 30th following the close of the taxable year for all taxpayers filing on a calendar year basis. All others must file by the last day of the fourth month following the close of the fiscal year.

Returns should be mailed to the Delaware Division of Revenue, P.O. Box 2044, Wilmington, Delaware 19899-2044. Payments may be made by check or money order made payable to the Delaware Division of Revenue. Do not send cash by mail. The full balance is payable with the return.

EXTENSION OF TIME TO FILE:

Taxpayers desiring an automatic extension of time to file income tax returns are required to file Form 400-EX, entitled "**Application for Automatic Extension to File Delaware Fiduciary Income Tax Return**". The automatic extension is to October 15th. The application must be filed with the Division of Revenue on or before the original due date of the return (April 30th), along with payment of any balance of estimated tax liability due for the year. Any unpaid balance will be subject to interest at one-half percent ($\frac{1}{2}$ %) per month, or fraction of a month, from the original due date of the return until paid.

Application for further extension of time beyond October 15th shall be made by filing a photocopy of your approved Federal Fiduciary Extension before the expiration of the automatic extension granted on Form 400-EX. A photocopy of the approved Federal extension must be attached to the return when filed. The approved Federal extension will extend the due date of your Delaware return to the same date as your Federal extension due date.

REQUIREMENTS TO FILE ESTIMATED TAX :

If the fair market value of the assets of a resident or non-resident trust, for any taxable year, equals or exceeds \$1 million, the trust is required to file estimated tax declarations (Forms 400-ES) for the subsequent taxable year.

PENALTIES AND INTEREST:

INTEREST - Any underpayment or late payment of income taxes due shall accrue interest at a rate of one-half percent ($\frac{1}{2}$ %) per month, or fraction of a month, from the date prescribed for payments to the date paid.

PENALTY - LATE FILING OF BALANCE DUE RETURN - Late filed returns with a balance due are subject to a penalty of five percent (5%) per month of the balance due.

PENALTY - FAILURE TO PAY - A penalty of one percent (1%) per month, not to exceed twenty five percent (25%), is imposed for the failure to pay (in whole or in part) the tax liability shown to be due on a timely filed return.

PENALTY-NEGLIGENCE/FRAUD/SUBSTANTIAL

UNDERPAYMENT - The State of Delaware imposes severe penalties for filing a false or fraudulent return, or falsely certifying a return. Any Delaware return reporting erroneous figures from a corresponding Federal return will still receive penalties for negligence or for filing a false or fraudulent return.

AMENDED RETURNS:

If the amount of a taxpayer's Federal tax liability reported on his Federal Fiduciary Income Tax Return is changed or corrected by the Internal Revenue Service for any taxable year, the taxpayer is required to report to the Division of Revenue such change within ninety (90) days after the final determination of such change or correction, and indicate his agreement with such determination or the grounds for his disagreement. This may be done by filing an amended return and attaching a copy of the Federal adjustment.

SIGNATURE:

The return must be signed by the individual fiduciary or an authorized officer of a corporate fiduciary. If two or more individuals or corporations act jointly as fiduciaries, the return may be signed by either fiduciary.

SPECIFIC INSTRUCTIONS

IDENTIFICATION:

Please type or print the name of the estate or trust and the name and address of the fiduciary. Enter the Federal Employer Identification Number and the Trust Number, if any, to assure accurate crediting to the proper account.

FILING STATUS:

You must check the appropriate box to indicate whether this is a return for a resident or non-resident estate or trust.

The law defines a resident or non-resident estate and trust as follows:

A resident estate means the estate of a decedent who at his death was domiciled in Delaware.

A resident trust means: a trust created by the will of a decedent who at his death was domiciled in Delaware; or a trust created by or consisting of property of a person domiciled in Delaware; or a trust with respect to which the conditions of one of the following paragraphs are met during more than one-half of any taxable year:

1. The trust has only one trustee who or which is (i) a resident individual of this State, or (ii) a corporation, partnership, or other organization having an office to conduct trust business in Delaware.
2. The trust has more than one trustee, and at least one of the trustees is a corporation, partnership, or other organization having an office to conduct trust business in this State, or
3. The trust has more than one trustee, all of whom are individuals and one-half or more of whom are resident individuals of this State.”

Any estate or trust that does not fall within the above definitions is a non-resident estate or trust. For example, a trust with three individuals designated as trustees, only one of whom resides in Delaware, would be a non-resident trust.
