PART D - EXEMPT CONVEYANCES

If transaction is exempt from realty transfer tax, please complete the information in Part C that is available (including consideration paid, if any), and explain the basis for the exemption below:

The seller authorizes the Division of Revenue or such other appropriate state agency as may be designated to obtain any appropriate or necessary federal income tax forms, including the Seller(s) attached schedules or other attachments, and any other related papers filed by such seller which relate solely to the said real estate to which title is purported to be conveyed by the deed or instrument being recorded. Delaware law requires an income tax return to be filed for the taxable year during which there was disposition of real property within this state.
