**GENERAL INSTRUCTIONS FOR COMPLETION OF
FORM 402LTR9901**

Every business which has been approved to receive the tax incentives for establishing or expanding a new business facility in Delaware **MUST** complete **FORM 402LTR9901, COMPUTATION SCHEDULE FOR CLAIMING LICENSE TAX REDUCTION FOR APPROVED NEW BUSINESS FACILITY GROSS RECEIPTS** in order to claim the reduction. A separate form must be completed for each new or expanded business facility for which a reduction is claimed. Separate forms are also required for each licensable activity conducted at each facility. When completing multiple Forms 402LTR901 for the same licensable activity, you must apportion the monthly exclusion for each licensable activity among the separate facilities based on the ratio of gross receipts for each facility to total gross receipts. Please use the following formula:

$$\text{Apportioned Monthly or Quarterly Exclusion} = \text{Monthly or Quarterly Exclusion} \times \frac{\text{Gross Receipts from New or Expanded Business Facility}}{\text{Total Gross Receipts from Each Licensable activity}}$$

The following example illustrates the operation of this formula for a manufacturer. Assume the following facts. Company A establishes a new manufacturing facility (New Facility) in Delaware which produces \$500,000 gross receipts. The existing facility produces \$1,000,000 gross receipts. The exclusion apportioned to the new facility is calculated as follows:

$$\begin{array}{rcl} \text{Apportioned Monthly Exclusion} & = & \text{Monthly Exclusion} \quad \times \quad \frac{\text{Gross receipts from New Facility}}{\text{Total Manufacturing Receipts}} \\ & & \$1,000,000 \quad \times \quad \frac{\$500,000}{\$1,500,000} \end{array}$$

Apportioned Monthly exclusion \$1,000,000 X 33.33% = \$333,300. Enter this amount on Line 2 Form 402LTR9901.
