WILMINGTON, DE 19899-2044**

When to File

The return is due within 9 months after the date of the decedent's death. Interest starts to accrue 9 months after the date of death of the decedent at ½% per month.

Extension

The Secretary of Finance or his delegate, upon written request, may extend the time for the filing of the return, and may extend the time for payment of the tax for a reasonable period from the due date. If time for filing the federal Estate Tax Return of the decedent is extended, the time for filing the Delaware Estate Tax shall be automatically extended for a like period, provided an executed copy of such extension grant is furnished to the Division of Revenue before or with the filing of the return.

This Act shall be effective for decedents dying after June 30, 2009.

This Act reinstates Delaware's estate tax. Prior to 2002, the Internal Revenue Code allowed states to effectively share estate tax revenue with the federal government. From 2002 to 2005, the states' share of this arrangement was phased out.

Under this Act, Delaware's estate tax will be calculated using the rate schedule for state tax credits available under federal law in 2001. This Act recognizes other updates to federal estate tax laws that have occurred since 2001.

SCHEDULE A

WHO SHOULD USE SCHEDULE A: Schedule A is used to complete Form 900-R, "Delaware Estate Tax Return for Resident Decedents" for the estate of a resident which paid estate, inheritance, legacy, or succession taxes to any other State or the District of Columbia. If this estate paid no estate or inheritance taxes to another state, you may skip Schedule A and Lines 2 through 8 of Form 900-R and go directly to Line 9, statement of estate tax due.

PURPOSE OF SCHEDULE A: Use Schedule A to calculate the value of Delaware Taxable Property for Line 2 of the Delaware Estate Tax Return. This is the numerator of the proration percentage at Line 4 of the return. The proration percentage is necessary to calculate the correct amount of credit allowed for estate and inheritance taxes paid by a Delaware resident's estate to another State and the District of Columbia.

DELAWARE TAXABLE TANGIBLE PROPERTY: Delaware Taxable Tangible Property is the value of real property and tangible personal property which is included in the gross estate for federal estate tax purposes and located in Delaware at the time of the Decedent's death, plus intangible personal property located anywhere, less the amount of deductions permitted on the federal estate tax return which are attributed to the Delaware property. Schedule A is completed using information taken from the Schedules attached to the federal estate tax return, Form 706.

1. _____ Delaware Real Property. Form 706, Schedule A and Schedule E.
2. _____ Value of qualified conservation easement exclusion allowed for Delaware property. Form 706, Schedule U.

15. _____ Add Lines (7) through (14).
16. _____ Subtract Line (15) from Line (6). This is the Delaware Taxable Property. Enter on Form 900-R, Line 7.

SCHEDULE B

WHO SHOULD USE SCHEDULE B: Schedule B is used only for the estate of a resident which paid estate, inheritance, legacy, or succession taxes to any other State or the District of Columbia. If this estate paid no estate or inheritance taxes to another state, you may skip Schedule B and Lines 2 through 8 of Form 900-R and go directly to Line 9, statement of estate tax due.

PURPOSE OF SCHEDULE B: Use Schedule B to calculate the value of "federal taxable estate, less the value of real and tangible personal property not located in any of the States or the District of Columbia" for Line (3) of the Delaware Estate Tax Return. This is the denominator of the proration percentage at Line 4.

ATTACHMENTS: Attach to Schedule B a copy of each of the schedules from federal Form 706 listing real or tangible personal property located outside the United States and the District of Columbia which was included in Line 1 of the federal estate tax return, Form 706, and on each schedule indicate the item and value of or amount of such property.
